Les Celliers de Sion

Les Celliers de Sion represents the joining together of two sets of knowledge and traditions. It is the story of a friendship between two families and a partnership created with respect for the individual identities of the Maison Bonvin 1858 Les Domaines and Philippe Varone Vins.

Les Celliers de Sion established their Wine Park in 2017; the following year, it won the Swiss Wine Tourism Award and the Global Winner Swiss Award in Adelaide, Australia. In 2019, we also won the Best of Wine Tourism People’s Choice Award from the Great Wine Capitals global network. The voters gave their seal of approval to our Wine Park, preferring us to applicants from Bordeaux, Bilbao, Verona, Porto, Adelaide, Mainz, Mendoza and Napa Valley, San Francisco!

We are delighted to welcome you to our Wine Park. Here, we show you the treasures of Valais by introducing you to historic product ranges from estates which helped create the viti- and vinicultural heritage of this region: the Maison Bonvin founded in 1858, and the Maison Varone some years later, in 1900.

Welcome to the first Wine Park in the heart of Valais!
